# WD TV®

## HD Media Player

Plays music, videos, and photos
Full HD video playback
and navigation
Dock-and-play convenience

Ideal for hassle-free playback of HD movies, home videos, digital music and photos on your TV.

# Turn your USB drive into an HD media player.

Combined with WD's My Passport™ portable drive, this media player is the most convenient way to play HD movies or user-generated videos, listen to high-quality digital music collections and watch high-resolution slideshows of your family photos on your TV.

- **Designed for My Passport*, works with many other USB storage devices –** Play content from most popular USB drives, digital cameras, camcorders, and portable media players that can be recognized as mass storage devices.
- **Full HD video playback and navigation – up to 1080p –** Experience the spectacular picture quality of HD video and crystal clear sound clarity of digital audio. Use the included remote control to navigate through your entertainment choices with our crisp, animated HD menus.
- **Dock and play convenience –** Just plug in a My Passport drive, or other USB storage device, and you're ready to play your HD content on your TV or home entertainment system.There's no need to figure out complicated networking devices or reconnect AV and power cables.

* My Passport portable USB drive sold separately.
